University of Massachusetts Medical School

RESIDENCY & FELLOWSHIP PROGRAMS AT UMASS

For many, residency & fellowship training is a highlight of a career in medicine, combining the provision of advanced medical care with the opportunity to teach and learn.

In the Office of Graduate Medical Education at the University of Massachusetts Medical School (UMMS), we advocate for you—our residents and fellows—to maximize your potential and fulfill your goals in a supportive, high-quality learning environment.

UMMS is ranked in the top 10 percent nationally for primary care education and offers well-balanced residency programs in all specialties with our clinical partner, UMass Memorial Health Care. Abundant basic science and clinical research opportunities are also available.
