

Global Mental Health Case Conference Series

First Episode Psychosis

Presented by Shanghai Mental Health Center

7:45 am - 9 am

Thursday, September 28, 2017

Psychiatry Classroom (S4-325)

Light refreshments will be provided.

Please RSVP to jingjing.cui@umassmemorial.org

The Global Mental Health Case Conference Series was started in 2014 by the China Mental Health Program at UMass with the goal to provide a platform for real-time, interactive, and critical discussion of interesting psychiatric case presentations amongst people from different cultures. UMass, Shanghai Mental Health Center, and Tianjin Mental Health Center take turns contributing cases.

Please contact Dr. Jingjing Cui (jingjing.cui@umassmemorial.org) if you would like to contribute a case or be involved in other ways. Publishing opportunities are available.

For more information about the China Mental Health Program, please visit <http://www.umassmed.edu/psychiatry/globalinitiatives/chinamentalhealthprogram/welcome/>
