SYNTHETIC CANNABINOIDS: K2

A Prison Crisis:

- K2 often brought into prison on paper products.
- Brought in by friends, family, attorneys, and staff.
- It is illegal to introduce contraband such as K2 into a facility.

K2 is Extremely Dangerous!

- K2 overdoses are common and can be fatal - **no antidote available!**
- Can cause hallucinations, erratic behavior, and aggression.
- Unknown side effects from unregulated additives which may cause overdose or DEATH!
